

Practice 5: Fire Scenario

ANJ FIRE FIGHTER TRAINING 2020

Fire Scenario

- Find a “wild” place at least 0.5ha wide
- With a water resource close by for pump operations
- Mark and delimit the imaginary fire area
- Mark with a signal the wind info: timing of wind direction and speed
- Give to the Crew Leader: fire location (coordinates), fire size, weather conditions, resources available,...
- Let the Crew Leader think and organize the fire suppression objective and strategy
- Please, make everybody act as if it was a real fire

Fire Scenario

- Check they conduct:
 - Proper marching to the scenario
 - Crew Leader-Team Briefing
 - Proper use of tools/equipment
 - Use of complete PPE
 - Safety protocols
 - AAR
